## SANI- SPRAY Automatic Sanitizer:

A contactless automatic sanitizer, sprays alcohol based liquid sanitizer when both hand placed under it, its aerated mist based formula uses only 2-3 ml of sanitizer ensuring optimum usage and releases full cone spray mist in single operation. Normally we use 10-12 ml of hand sanitizer but with this SANI SPRAY, we use only 2-3 ml of sanitizer.

Contact less Technology work on Ultrasonic sensor to ensure zero touch, high operational precision to completely disinfectant both hands. It's a wall mountable device and having two LED indicators for on/off indications and spraying process

## Applications:

Ideal use for Factories, Offices, Banks, Hospitals, Malls, Departmental Stores, Schools, coaching centers, restaurants etc.
